Historical Sites & Tourist Attractions in 12 Districts of Bangladesh

A district-wise reference list • 120 entries • clickable Google Maps search links

Districts covered: Narayanganj, Feni, Cumilla, Bhola, Barishal, Chattogram, Sylhet, Noakhali, Rajshahi, Cox's Bazar, Kurigram and Dinajpur.

Important accuracy note

This is a practical shortlist, not a certified official gazetteer. Some districts have fewer widely documented archaeological monuments; where necessary, the list identifies local civic/heritage landmarks or broad natural areas and labels them accordingly. These should not be interpreted as officially protected monuments. Google Maps links open a name-based search and may not point to a verified entrance pin. Confirm exact site names, access, operating status and coordinates before formal publication or travel.

Prepared 12 October 2026 • Names and spellings use common current English forms, including Cumilla, Barishal and Chattogram.

Narayanganj District

Administrative division: Dhaka Division
